## **Development of competences and skills**

The doctoral candidate briefly identifies his or her performance in relation to these competences and last year's agreements and indicates where and how improvements can be made. Discuss each competence during the meeting.

The supervisor(s) give(s) feedback and indicate(s) how improvements can be made. Record any new agreement on the last page of this form.

## Definition of skills' levels

1 = needs further development; 2 = at requested professional level; 3 = exceeds requested professional level

Competences	Level	Goals and actions			
Discipline related skills					
D.1 Scientific Knowledge	1 2 3				
D.2 Engineering & Design	1 2 3				
Research skills					
R.1 Research Management Designing, Project management, Problem solving, Valorization	1 2 3				
R.2 Academic Thinking Conceptual thinking, Analytical thinking, Synthetic skills, Critical thinking, Creativity & Innovation	1 2 3				
R.3 Academic Attitude Societal context, Ethics	1 2 3				
R.4 Research Data Management	1 2 3				
Skills development by learning-on-the-job activities (LOJ)	1 2 3				
Transferable skills					
<b>T.1 Effective communication</b> Presenting, Writing skills, Story telling, Language skills	1 2 3				
<b>T.2 Working with others</b> Networking, Collaboration, Negotiation, Leadership	1 2 3				
T.3 Teaching, Supervising & Coaching Teaching, Supervising students / Coaching	1 2 3				
T.4 Self-management Autonomy, Time management, Flexibility, Perseverance, Dealing with risk and uncertainty, Entrepreneurship, Personal development	1 2 3				
Doctoral Education planning in DMA or attached to this form has been seen and approved by supervisors and doctoral candidate					

Doctoral Education planning in DMA or attached to this form has been seen and approved by supervisors and doctoral candidate
